To transfer the VSS 2024 data to your own Google Drive

Please do the following steps:

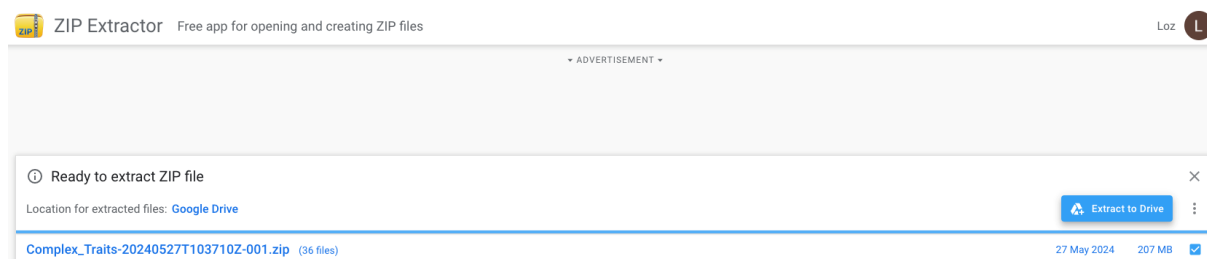

- (1) Have your own google drive open and to hand
- (2) Then visit: [GoogleDriveData](#)
- (3) Download all of the files onto your laptop. To do this simply click on small arrow to the right of **Complex_Traits** and select **Download** from the drop-down menu:

- (4) A zipped folder will download to your computer
- (5) Upload this zipped folder to your own Google Drive by dragging and dropping
- (6) Double click on the zipped folder in your google drive and extract it using ZIP Extractor

(7) Select **Extract to Drive**:

- (8) Select **View files in Drive** and you should now have the necessary data with the correct paths in your drive. Please do not rename any of the files or directories here.
